

SAVE ENERGY!  
SAVE WORLD!

**LAVA LED**

---

**ALTERNATE ENERGY & POWER  
SAVING SOLUTION PROVIDERS**

## Our Company

LAVA LED is an engineering and consulting company focused on designing solutions in the fields of alternate energy, power saving and energy efficient technologies.

The company is founded to help our clients' to face world's environmental, energetic, and economic crisis. Our products are well featured and guaranteed to save power and money with a minimal wastage.

## Objectives

### Our Initiative

LAVA LED aims to offer a wide range of LED and solar products. We understand the operating complexities of our clients and provide them with the right choice at a pocket friendly cost. We are best suited for electricity consuming businesses like industries, schools, colleges, hospitals, commercial complexes.

### Project Goals

- To provide Light retrofitting service at affordable cost with minimal wastage
- To offer quality solar and LED products at the best price in the market

## Our Features

**Service experts on board**

**Product design and customisation**

**Own manufactured components**

**Periodical maintenance and service**

---

## Our Services

### LED RETROFITTING

To enhance the existing lighting with less power consumption and maintenance without replacing the older ones.

### COMMERCIAL & INDUSTRIAL LIGHTING

For commercial and industrial buildings to plan, design the lighting options that best fit the purpose and the budget.

### ALTERNATE ENERGY SOLUTION

Self generating power and solar products with battery backup as an alternate and sustainable energy to conventional power.

## Our Products

### LIGHTING PRODUCTS

Street Lights  
Flood Lights  
Dust Proof Lights  
Stadium Lights

### SOLAR PRODUCTS

PV Solar Panels  
Solar Thermal System  
Solar Inverters  
Solar Street Lights

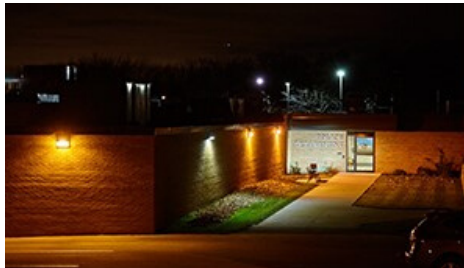

## We serve

- Industries
  - Schools & Colleges
  - Theaters & Malls
  - Shopping centres
  - Offices
  - Hotels & Restaurants
  - Townships
  - Apartments
  - Super Markets
  - Hospitals
  - Stadiums
  - Roads & public spaces

## LAVA LED'S RETROFITTING

It's actually a misconception that changing to LED from a conventional one has to be started from scratch. But with AB solution it is not necessarily to replace everything with high capital expenditure. We at AB solution offer high quality cost effective LED retrofit service with the existing fixtures.

**BEFORE  
RETROFITTING**

**AFTER  
RETROFITTING**

years warranty

**80%**  
power saving

less **Watt**  
high **Lux**

**PARKING LIGHTS**

**BOLLARD LIGHTS**

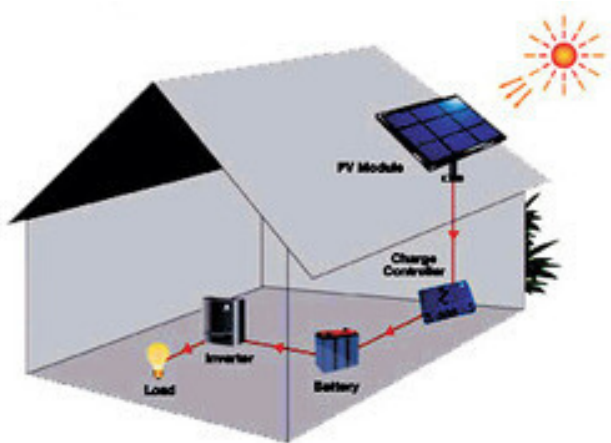

**FLOOD LIGHTS**

## LAVA LED'S SOLAR PRODUCTS

We are committed to provide self-sufficient solar energy for residential area, roadways, parking lots and other general lighting applications. Solar products are both economical and efficient. Street lights, thermal systems and other products of solar deliver low power consumption and long lifespan. The solar panel converts sunlight into electric current that is stored in the battery for future use. Our solar systems are also backed by warranty.
